

Going Home Update During Announcements - September 24/25, 2016

As Father Andy indicated with his update, the town council would shortly be voting to adopt the Redevelopment Plan for the Library to become our new Parish Center, with Little Flower as the designated redeveloper. The town council approved the plan this past week, on Tuesday, September 20th. This is one more step completed on our plan to close the transaction with the town for our Going Home Initiative.
